

Ogden City School District

Student Progress Report for *Mahnke, Gavin P.*

JAMES MADISON

Growth is measured from Fall to Spring

Student ID: 100047058

Mathematics

Season/ Year	Grade	Student Score Range	Dist. Avg RIT	Norm Group Avg.	Student Growth	Typical Growth	Student %ile Range
S11	13	183- 186 -189	150	158	23	11	97- 98 -99
W11	13	176- 179 -182	143	153			98- 98 -99
F10	13	160- 163 -166	138	150			87- 92 -95

Mathematics Goals Performance - Spring 2011

Problem Solving	High
Number Sense	High
Computation	HiAvg
Measurement & Geometry	High
Statistics & Probability	High
Algebra	High

Reading

Season/ Year	Grade	Student Score Range	Dist. Avg RIT	Norm Group Avg.	Student Growth	Typical Growth	Student %ile Range
S11	13	176- 179 -182	151	156	21	11	96- 97 -98
W11	13	168- 171 -174	146	152			95- 97 -98
F10	13	155- 158 -161	140	148			87- 92 -95

Reading Goals Performance - Spring 2011

Phonological Awareness	High
Phonics	High
Concepts of Print	High
Vocabulary & Word Structure	High
Comprehension	High
Writing	High

Lexile® Range: 115-265

Explanatory Notes:

Season/Year

The season (F=fall, S=spring, W=winter, U=summer) and the year the test was administered.

Student Score Range

The middle number is the RIT score your child received. The numbers on either side of the RIT score define the score range. If retested, your child would score within this range most of the time.

District Average RIT

The average score for all students in the school district in the grade who were tested at the same time as your child.

Norm Group Avg.

The average score observed for students in the most recent NWEA RIT Scale Norms study, who were in the same grade and tested in the same portion of the instructional year (e.g., fall or spring).

Student Growth

Presents the growth in RITs your child made from the previous fall to the spring of the year in which growth is reported.

Typical Growth

The average growth of students in the most recent NWEA RIT Scale Norms study who were in the same grade and began the growth comparison period at a similar achievement level.

Student %ile Range

The number in the middle is your child's percentile rank - the percentage of students in the most recent NWEA RIT Scale Norms study that had a RIT score less than or equal to your child's score. The numbers on either side of the percentile rank define the percentile range. If retested, your child's percentile rank would be within this range most of the time.

Goal Performance

Each goal area included in the test is listed along with a descriptive adjective of your child's score. The possible descriptors are Low (<21 percentile), LoAvg (21-40 percentile), Avg (41-60 percentile), HiAvg (61-80 percentile), and High (>80 percentile).

Lexile® Range

The difficulty range of text that can be understood by the student 75% of the time. Lexile® is a trademark of MetaMetrics, Inc., and is registered in the United States and abroad.

Lexile® Range: 115-265

Explanatory Notes:

Season/Year

The text below each vertical line on the graph represents the season (F=fall, S=spring, W=winter, U=summer) and the year the test was administered.

Gx

The text above each vertical line on the graph represents the student's grade at the time the test event occurred.

Event Date

The date along the vertical lines represent the date the test event occurred.

TimeLine

Test events are plotted on the "x" axis of the graph using the time interval between test event dates to reflect elapsed time between test events accurately.

Student RIT Score Line

The RIT score your child received on each test. This line will contain a dashed portion following the most recent test event to represent projected target growth over the next instructional year. This is the mean fall-to-fall, spring-to-spring, or fall-to-spring RIT growth that was observed in the most recent norming study for students who had the same starting instructional term RIT score

Dist. Avg RIT

This line represents the average score for all students in the school district in the grade who were tested at the same time as your child.

Norm Group Avg

This line represents the average score observed for students in the most recent NWEA RIT Scale Norms study, who were in the same grade and tested in the same portion of the instructional year (e.g., fall or spring).

Goal Performance

Each goal area included in the test is listed along with a descriptive adjective of your child's score. The possible descriptors are Low (<21 percentile), LoAvg (21-40 percentile), Avg (41-60 percentile), HiAvg (61-80 percentile), and High (>80 percentile).
